Sustainability Corner

Welcome to the sustainability corner! This month, let's focus on decreasing water usage by turning off water while we brush our teeth, scrub our hands with soap, or clean dishes.

Everything You Need To Know About Christmas Village This Year

Good news! Christmas Village will light up downtown Ogden Municipal Gardens (353 E 25th Street) beginning the last weekend of November through January 1, 2021, but it will be slightly different this year.

Christmas lights will still glow in the Village, and Cottages will still be placed. In an abundance of caution, public health, and safety the following attractions and programs are cancelled until next year.

- **Holiday Electric Light Parade**
- **Opening Gala and Fireworks Show**
- **Visits with Santa and Mrs. Clause**
- **Entertainment on the stage**
- **Train Rides**
- **“I Spy” game in the cottages**
- **Breakfast with Santa**
- **Hot Chocolate Booth-** The Ogden Breakfast Exchange Club has been providing hot chocolate to the visitors of Christmas

Village for the past 43 years. Each year, Shoes for Tots benefits from the sales of the hot chocolate. We encourage anyone who can to donate to Shoes for Tots. They provide shoes to underserved children in the Ogden and Weber School Districts. Any amount is appreciated. Visit www.ogdenbex.org click the Donate button on the home page.

We want everyone to have a safe, healthy, and happy holiday season. To keep our community and visitors safe, we ask that you follow these guidelines when visiting Christmas Village:

- **Wear a mask or face covering at all times**
- **Maintain 6' social distance from other households/groups**
- **Do not touch the cottages or other areas**
- **Wash and/or sanitize your hands frequently, especially before and after visiting Christmas Village**

For more information about Christmas Village please visit:

www.ogdencity.com/christmasvillage

Farmers Market Ogden Local Box

We are introducing the new Farmers Market Ogden Local

Box! This is a subscription box where you can receive locally made items from local creators in Ogden. Ogden is home to some incredible producers, and Farmers Market Ogden is the place where they all come together. In a typical year, you can find 250+ local artisan and grocery vendors at the market throughout the summer. Due to COVID-19 restrictions this year, the market structure had to shift in order to accommodate local guidelines for public health and safety. This has been an incredibly challenging time for artisan vendors and local businesses, as they were not allowed to participate in the market as usual. With our new Farmers Market Ogden subscription box, we hope to help reconnect you with those local makers and producers. Each month we will be collecting products from different vendors and brick and mortar businesses for you to purchase as a bundle from Farmers Market Ogden. Are you interested in subscribing? Supplies are limited.

Union Station Gala

Celebrate women changemakers and help Union Station Foundation realize its goal of preserving, enhancing, and upgrading Union Station.

You may view an online gala that honors six Utah women changemakers and find out how your contribution is more important than ever in 2020.

All donations through November will be matched by a generous donation from the six women honored in the gala presentation. The event highlights the stories of significant women changemakers in Ogden.

Our honorees, Lisa Eccles, Katie Eccles, Hope Eccles, Crystal Maggelet, Amelia Jones, Suzanne Lindquist, and Jeannie Hall, along with their families and companies, are just a few examples of those changemakers that have made Ogden the Crossroads of the American West.

See the gala and make donations on the foundation's website at:

theunionstationfoudationutah.org.

Emergency Preparedness: Prepare Your Health

Plan for the continuation of health and medical needs during a time of extended emergencies and unique circumstances. With an emphasis on critical, life-supporting medications and supplies, and with the consolation of the prescribing physician where indicated, maintain a supply of such items sufficient to bridge an emergency response such as enforced evacuation or other interruption of regular access. Carry on your person, preferably, vital written prescriptions for eyeglasses and other essential, personal medical needs, and accurate description of treatment requirements. An insulin-dependent diabetic, for instance, should anticipate having to leave home base with a small portable cooler and a supply of insulin and syringes. Just as one shouldn't allow the fuel in the vehicle to get below half, the person with a medication dependency should not let the supply get below the 30-day mark. Make sure some other family member has a copy of your medical plan.
