April 2021

## Summer 2021 Farmers Market Is Making A Full Comeback

**Farmers Market Ogden is returning to Historic 25th Street this summer!**

Join us for 17 weeks of supporting local produce, artisan, grocery, and prepared food vendors. Farmers Market Ogden will run Saturdays, May 22 through September 11, from 8 a.m. to 1 p.m. (formerly 9 a.m. to 2 p.m.). As always, we are staying informed on the situation surrounding COVID-19 and will continue to evaluate Farmers Market Ogden moving forward as suggested by the local health department and city officials. Find more information on Facebook and Instagram (@FarmersMarketOgden)

## April is Fair Housing Month

**The Fair Housing Act prohibits housing discrimination because of race, color, national origin, religion, sex, familial status, and disability.**

The Act protects people from discrimination when they are renting or buying a home, getting a mortgage, seeking housing assistance, or engaging in other housing-related activities. If you believe you have been discriminated against in violation of the federal fair housing laws, you can file a complaint with HUD at 1-800-669-9777.

Landlords, real estate agents, lenders, insurance companies, and condominiums, cooperative and homeowner associations must not discriminate because of one's membership in a protected class. Housing discrimination is against the law. The only way to stop discrimination is to report it.

**1-800-669-9777**

**EQUAL HOUSING OPPORTUNITY**

## Get A Free Tree For Your Parking Strip

**Ogden's tree-lined streets establish the character of our neighborhoods, and the trees we plant today will be enjoyed by generations to come.** Each year, the City provides a tree nursery so residents can get a free tree to plant in their parking strip that matches the needs for the yard and the plan for the street.

Beginning April 1st, every Tuesday, Thursday, and Saturday from 8:00 am - 12:00 pm trees will be given away. Please call the Parks & Cemetery Office at 801-629-8284 to schedule an appointment to pick up a tree (limit one per household) at Ogden's Green Waste Facility located at 1845 Monroe Blvd. We will continue to give away trees until we run out of trees.

Residents must provide information about overhead-power lines, the length and width of their parking strip, and the lot location, as well as a current Ogden Water bill and picture ID. Please limit the number of people that come to the tree nursery to 2 individuals.

The Green Waste facility also has for sale an abundance of premium compost @ \$3/bag or \$15/yard, wood chips @ \$10/yard, and mulch @ \$7/yard.

## Get Involved In The Project Of The Week

**Want a chance to win a prize for volunteering?**

Starting now we will be having a Project of the Week. Every week there will be a new volunteer project focusing on a specific park or trail in Ogden City. The more projects you do, the better chance you have of winning! The location will change every week and may contain different activities.

There will also be a sign at every location to confirm you at the right location for that week. The drawing will be done quarterly.

Enjoy this with friends, family, and have fun! Please scan the QR code to visit the Project of the week volunteer website. Please be mindful, and take the necessary precautions in regards to COVID-19.

If you want to view more volunteer opportunities please visit the link below. If you have questions please email or call Stacey Olsen.

### Remember to Recycle

On January 20th, the Ogden City Planning Commission granted an extension to Recycled Earth to come into compliance with its Conditional Use Permit (CUP). The extension requires Recycled Earth to maintain operations that are in accordance with the rules and regulations contained within the permit. This approval will allow Recycled Earth to once again receive and process recyclable material from Ogden City, which is in the best interest of the city and its residents.

Residents are encouraged to sort their recyclable materials and may only place the following items in their blue cans:

- **Plastics #1 & #2 (water & soda bottles, milk jugs, laundry detergent, etc. Look for the 1 or 2 symbol)**
- **Household (Kitchen) Steel and aluminum cans**
- **Clean unwaxed cardboard**
- **Clean Paper**

For more information please visit:

[ogdencity.com/recycling](http://ogdencity.com/recycling)

### Emergency Preparedness Message: Flooding

**Flooding is the most common natural disaster in Utah.**

Runoff occurs in Northern Utah in early spring, and as temperatures rise, the streams and rivers begin to swell and saturate the ground. If temperatures rise too quickly or a high amount of spring rain descends, excess water has nowhere to go and flooding potential increases. This can also lead to landslides and debris flows, so being alert of safe conditions and practices is important. Avoid flooded rivers and streams. Keep children and pets safe from these areas.

- **Listen to news and weather alerts.** Don't drive or travel through flooded streets.
- **Don't walk through moving water.** Six inches of moving water can knock a person off their feet.
- **Check insurance policies.** Flood insurance is not part of regular homeowner's insurance and requires a separate policy.
- **Stay away from rivers during runoff season.**
