## The Historic 25th Street Car Show Is Returning

Come join us for the annual Historic 25th Street Car Show will be Friday, October 1, from 5– 9 p.m.

This show typically showcases more than 350 vehicles lining along Historic 25th Street from Wall Avenue to Washington Boulevard. Winners will be selected by sponsors, business owners, and Ogden City officials. Car show registration must be completed online, as no on-site registration will be accepted this year. The street will reopen to traffic after the awards ceremony at 8:45 p.m.

Come prepared to shop, dine and stroll the galleries! The show takes place in conjunction with the Ogden Arts monthly Art Stroll. The local shops and galleries extend their hours of operation and many display their wares on the sidewalks. Participants are encouraged to dine in downtown restaurants.

## Ogden and the Community Renewable Energy Agency

The Community Renewable Energy Program (CREP) was introduced in the 2019 Utah Legislative Session as an opportunity for cities to work together to become 100% carbon neutral by the year 2030.

### How is Ogden involved?

By a 5-2 vote, the Ogden City Council recently adopted a resolution to enter into an Interlocal Cooperation Agreement for the program. This means Ogden City will have a seat at the table for Phase One, as it works with other Utah cities, Rocky Mountain Power, and other organizations to develop a rate structure for review by the Public Services Commission. In addition, Ogden City will pay \$35,738 associated with costs of the Phase One process. Council Member Angela Choberka of District 1 has been appointed to represent Ogden City on the Community Renewable Energy Board, along with Management Services Director, Mara Brown, as an alternate.

### What's next?

Once the rate structure study is complete, the Council will once again evaluate whether or not Ogden City will continue its participation in the program. Consideration will take place in early 2022.

Information about CREP and Ogden's involvement can be found at:

[OgdenCity.com/CREP](http://OgdenCity.com/CREP)

## Disposing of Fall Leaves

When leaves start to fall, it will be time to start thinking

about what to do with them. Be aware while raking leaves this fall that it is a violation of illegal dumping and waterway blocking ordinances to sweep or push leaves into the gutter or onto the street. Fallen leaves can plug storm drains and will cause ice dams to form in the gutters when the weather freezes. Keep the gutter in front of your home clean. Dispose of green waste from seasonal yard cleanup such as branches, leaves, and grass clippings at Ogden City's Green Waste Facility (1845 Monroe Blvd). Residents who are unable to take their leaves to the Green Waste Facility should consider asking relatives, neighbors, or friends to assist them.

**801-629-8271**

## Visit Ogden Partners With Pledge For The Wild

### Visit Ogden has announced their partnership with Pledge for the Wild.

This collaboration is an opportunity for Visit Ogden to further its efforts to promote responsible tourism to Weber County. Pledge for the Wild encompasses several mountain towns around the country committed to supporting responsible tourism and building awareness around opportunities to directly give back to the wild places in these iconic mountain towns. Whether you're a visitor or resident frequenting your favorite local adventure spot, Pledge for the Wild encourages users to pause and consider who supports and cares for these wild places day-to-day.

Visit Ogden will launch an outreach campaign titled Wild4Ogden, to encourage participation in the Pledge for the Wild program. In addition to sharing outdoor principles and responsible tourism tips, through Wild4Ogden, Visit Ogden will create a direct channel to give back locally through online or text-to-donate options with their selected community non-profit partner, Trails Foundation Northern Utah (TFNU). 100% of donations made in Weber County, stay in Weber County.

To donate, text **WILD4OGDEN** to **44321** or visit [www.visitogden.com/wild4ogden/](http://www.visitogden.com/wild4ogden/). Participants can also learn more about how they can take care of our wild places or purchase a series of four (4) special edition, vintage-style Weber County outdoor recreation posters at this same website. The posters are available for purchase at the Visit Ogden office. A portion of the proceeds of each poster sale will be donated to the Trails Foundation of Northern Utah.

Visit Ogden encourages all to consider a \$1 donation for every mile of trail used, or every hour spent in our wild places. For questions please contact Colt Jarvis at:

## Emergency Preparedness Message: Plan For Pets

**Don't forget about family pets when making emergency plans.** Animals will require the same basics of survival, particularly food and water, that other household members require in emergency preparedness kits. Use the following tips to provide for them.

- **Keep pets properly identified.** Microchip identification, after collars and tags, is one of the best ways to ensure owners are reunited with pets. Keep the microchip registration up-to-date, and include at least one emergency number of someone who resides out of the immediate area.

- **Plan a pet-friendly place to stay.** Plan in advance for shelter alternatives that can host pets in an emergency, such as loved ones or friends outside of the immediate area. Never leave a pet behind during an evacuation.

- **Prepare an emergency kit for each animal.** Stock up on pet items needed during a disaster including a one-week supply of food and water, medication, and copies of vaccination records. Rotate supplies to keep them fresh.

- **Prepare safety and first aid supplies.** Have a carrier or leash for each animal to prevent them from escaping in a panic. Keep a pet first aid kit and identify emergency veterinary facilities outside the immediate area.

- **Plan for temporary confinement.** Physical structures, like walls, fences, and barns may be destroyed during a disaster. Have a plan for keeping animals safely confined, including a tie-out, crate, or kennel.
