March 2022

## Have you completed the CREP survey?

**Did you receive this postcard in the mail or an email?**

This is your way to have your voice heard about whether or not Ogden should continue to participate in the Community Renewable Energy Program (CREP).

### What is CREP?

CREP can provide Ogden residents and businesses with more renewable energy options to make the city net-renewable by 2030. Net-renewable energy will provide the community with the same amount of reliable energy, but from renewable energy sources.

To support the program, an increase in utility rates may be necessary. Later this year, the City of Ogden will decide whether to continue participation in the CREP. If Ogden continues and ultimately adopts an ordinance implementing the program city-wide, businesses and residents will be able to decide whether to participate or opt-out.

### Why should I complete the survey?

Ogden City officials strongly encourage participation in this survey conducted by their partners at Weber State University. Each postcard and email will be individualized to prevent duplicate surveys and ensure the accuracy and reliability of the survey results. The results will be crucial in helping Ogden City and other stakeholders gain a thorough understanding of how residents feel about Ogden City potentially continuing in the CREP.

## Get A Free Tree For Your Parking Strip

**Ogden's tree-lined streets establish the character of our neighborhoods, and the trees we plant today will be enjoyed by generations to come.** Each year, the City provides a tree nursery so residents can get a free tree to plant in their parking strip that matches the needs for the yard and the plan for the street.

Beginning April 2nd, every Tuesday, Thursday, and Saturday from 8:00 a.m. - 12:00 p.m. trees will be given away. Please call the Parks & Cemetery Office at 801-629-8284 to schedule an appointment to pick up a tree (limit one per household) at Ogden's Green Waste Facility located at 1845 Monroe Blvd. We will continue to give away trees until we run out of trees.

Residents must provide information about overhead-power lines, the length and width of their parking strip, and the lot location, as well as a current Ogden Water bill and picture ID. Please limit the number of people that come to the tree nursery to two individuals.

The Green Waste Facility also has an abundance of premium compost for sale @ \$3/bag or \$15/yard, wood chips @ \$10/yard, and mulch @ \$7/yard.

**801-629-8284**

**801-629-8271**

Ogden City wants to find out what you think about renewable energy. Your participation in this survey will help determine future energy sources and costs in Ogden! If the QR code does not work or you need a paper survey, please contact Katherine French-Fuller at [kfrenchfuller@weber.edu](mailto:kfrenchfuller@weber.edu).

¡La ciudad de Ogden quiere saber lo que Uds. piensan sobre la energía renovable. Su participación en esta encuesta ayudará a determinar el futuro de las fuentes de energía y sus costos en Ogden. Por favor escanee el código QR para tomar esta encuesta corta de 5-10 minutos. Uds. puede tener la oportunidad de ganar una de 15 tarjetas de regalo de \$100 dólares.

Si no funciona el código QR o si Uds. quiere llenar una encuesta en papel, por favor contáctese con Dr. Katherine French-Fuller al [kfrenchfuller@weber.edu](mailto:kfrenchfuller@weber.edu).

## Dump Passes And Green Waste Passes Now Available

### Green Waste Passes

Residents can now request a green waste pass online. Residents can go to the website below to find the link to file a request. Qualified residents can then pick up their green waste pass at the Green Waste Facility located at 1845 Monroe Blvd within 5-7 business days after the request was made.

### Dump Passes

Dump Passes will be available from March 1st – June 30th. There can be two passes per residential Ogden City utility account. Please bring a picture ID and proof of residency. The passes are available at the Public Works Building at 133 W 29th St or the Community Services Building at 1875 Monroe Blvd. If you have any questions, please contact 801-629-8271.

## Current Classes At The Marshall White Center

**Registration is now open for multiple youth and adult classes at the Marshall White Center.**

Classes include cheer, arts and crafts, music, pottery, and intro to boxing for \$10 each. There is also a jr. chef class for \$40. All classes go for six weeks, starting the week of March 21st. Rock's Boxing begins the first of each month and is a month-long class for \$20 per child or \$25 for adults.

The first Tuesday of the month is the start of adult pottery with a new project each month. It is \$10 for your first introduction class and a studio fee for the remainder of the month. This class meets Tuesdays 6-8 p.m.

The youth fishing club will start at the beginning of spring. The Youth Fishing Club is for boys and girls ages 6-13. 12 and 13 year olds are required to obtain a \$5 fishing license which will last for a year from the date of purchase and can be purchased at any Utah State Fishing License Agent. The class will consist of two hours of instruction every Thursday from 6-8 p.m.

For more information and activities at Marshall White Center, visit:

## Emergency Preparedness: Electrical Fire Safety

**Spring is around the corner, but we are still in cold weather conditions. Remain vigilant when it comes to electrical and appliance safety.**

- **Plug only one heat-producing appliance (such as a coffee maker, space heater, or microwave) directly into a wall outlet at a time.**
- **Extension cords should only be used temporarily, and have an electrician install additional wall outlets where you need them.**
- **Never use an extension cord with a heat-producing appliance.**
- **Don't overload extension cords or wall outlets.**
- **Check and replace all cracked or damaged cords in your home.**
- **Use light bulbs that match the recommended wattage on the lamp or fixture.**
- **Electrical work should only be done by a qualified electrician.**
