Construction Project Updates

OGDEN CITY SEWER LINE REPLACEMENT ON AIRPORT ROAD

Anyone that has driven into the OGD Airport in the past several weeks has noticed the barricades and heavy equipment on the west side of Airport Road. This is a new Ogden City sewer line being installed. Below is some information, should you have questions or concerns about this work:

Ogden City and their contractor BHI has started the roadway and utility / sewer line work along Airport Road between 31st Street and the Ogden Airport terminal. building.

During this time, construction will involve a brief closure of Airport Road near 31st Street. Detour routes will be signed and implemented during this time.

The majority of this work will occur along the shoulder of the road along Airport Road, and additional road closures are not anticipated at this time. Property owners will be given notice of utility interruptions as the project progresses. Unexpected utility interruptions may occur, however we will make best efforts to avoid these.

Please contact Ian Frankland with Ogden City Engineering with any concerns or questions regarding this project.

Sincerely,

Ian Frankland, P.E.
Principal Engineer
Ogden City Engineering
