

OGD UPDATES, & OTHER AIRPORT EVENTS

Geo-Technical Borings on Taxiway Alpha

Next Tuesday, August 8th, 2023, a Geo-Tech Contractor will be drilling soil / pavement borings in six locations either in, or near, the movement area on Taxiway Alpha. See the locations below:

The work will take the majority of the business day. A NOTAM will be issued for WORK IN PROGRESS in this area. The Tower will direct most aircraft traffic around this area through the deicing pad and SIDA air carrier ramp. This email is simply to make you aware of this in advance. The NOTAM will be issued 96 hours prior to the work.

Thanks for listening and supporting the Ogden Regional Airport.
