

OGD UPDATES, & OTHER AIRPORT EVENTS

OGD Airport Security Program (ASP) changes and badging

With the announcement of Breeze Airways beginning non-stop air service from Ogden (OGD) to the Orange County Airport (SNA) on February 21, 2024, TSA airport badging requirements will return to the OGD Airport. Beginning with the approval of the OGD Airport Security Program (ASP) last week, we are having to rebadge everyone at the OGD Airport in the next four weeks. The new badges are drastically different as compared to the old badges. Unless your old badge was going to expire in the next 30 days, there is no fee for getting the new badge. Those that had a badge expiring in the next 30 days will be charged the normal fee.

If you have taken the PowerPoint Safety & Security training within the past 12 months, you will not have to take it again to get your new badge.

Each current badge holder will have to:

1. Bring in a new badge application with authorized signature
2. Provide your I-9 identification. A current non-expired US Passport is best and easiest, If you do not have a US Passport, you can use your Utah Drivers License AND a certified birth certificate OR an original Social Security Card.

We have approximately 1,300 badges total and we have already issued nearly 400. Applications can be downloaded from the OGD Airport webpage at www.flyogden.com. It is under Owners, Tenants, & Pilots / Badging. or <https://www.ogdencity.com/1883/Airport-Badging>

The application is a fillable PDF online or you can get a printed copy at the Badging Office.

Please contact the Badging Office to make your appointment to change out your badge in the next several weeks. Both type badges will work until February 15th. On February 15th, the old badges will have to be deactivated and will no longer be valid at this airport.

Thanks for listening and supporting the Ogden Regional Airport.
