

**Ogden City Corporation  
Request for Proposal**

**Wall Avenue Corridor Plan**

**Q & A**

---

- 1. We understand that a Cost Proposal including a detailed breakdown of the proposed costs and timeframes to complete the project is required. To 'right-size' our approach based upon the scope of work it would be helpful to know if a consultant fee or fee range has been established for this project.**
  - a. The total amount allotted for the consulting contract is \$100,000.**
- 2. We see the terms and conditions and insurance requirements within the RFP, but we are wondering if you have a sample contract to provide us?**
  - a. Per our Legal department, Ogden City Purchasing is currently unable to provide a sample contract. However, this request will be taken into consideration if a proposer, with a submittal, is interested in viewing a template.**
