Description: Customer is adding a kitchen in the basement. The kitchen sink drain will tie into a 4" cast iron stack that supplies the main level, using x2 fernco sheilded bands 4"x2" san-tee to the location for the p-trap. The hot and cold water lines will be accessible from the laundry room/mechanical room area, there are 3/4" pex lines throughout that area to get the hot and cold for the sink, and a cold line for an ice maker box outlet. We will also be connecting the finish plumbing fixtures.

*This permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced. I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume authority or cancel the provisions of any other state or local law regulating construction or the performance of construction and that I make this statement under penalty of perjury.

This permit will not be valid unless signed below.

*This permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced. I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume authority or cancel the provisions of any other state or local law regulating construction or the performance of construction and that I make this statement under penalty of perjury.

This permit will not be valid unless signed below.
