**Request for Bid**

**T-Chlor for Aquatic Facilities**

**Q & A**

---

1. We are interested in bidding on the T-Chlor delivery contract. Before submitting our bid, are the deliveries expected to be totes/drums or is the city looking for truck/tank delivery?
  - a. *Yes, Ogden City Recreation anticipates truck and tank deliveries. "We should be able to get all our chlorine in a single trip, with on-site tank refilling. We have capacity for up to 1,800 gallons, and the truck should be able to service both locations in one trip, if needed."*
